P r e c i s i o n C o u n t s

+ **Sb dye springs**

Springing surprises is a way of life at sb. dye spring. Quality wise, Stability wise & Technology wise. Thanks to our professional work force, commitment to quality & competitive pricing, today we are the leaders in the manufacturing of stainless steel dye springs.

Nearly two decades ago the company started its operations from a small premises in Thane. Today it has grown into a 9000sq. ft modern manufacturing unit with a work force of over sixty technocrats. A great forward leaps for a company that put up shingles under \$. 5 . 1 . Unit.

AWARDS: REWARDS FOR COMMITMENT TO QUALITY.

Never deviating from the focus on quality the company strived for customer satisfaction. And the results were rewarding. And the growth was both vertical as well as horizontal. Production of dye springs per annum hovers around 12 lac. Plans are a foot to increase the production capacity to meet the ever increasing demand.

QUALITY ASSURANCE. NOT QUALITY CONTROL

Quality & perfection is a direction, not a destination. True to this phrase, our trust is on quality assurance. With us, quality begins right from sourcing raw materials and continues till finished products are rolled out from factory. Manufactured from stainless steel AISI316, AISI 304 grade, our dye springs are at par with international standards & offer longevity & trouble free performance. And resultantly our order books are full & our after sales service force is practically jobless. The reason behind is, 0% rejection.
